The independent padel guide for Greater Manchester

Reach Manchester's padel players

Manc Padel is where people across Greater Manchester go to find a court, a coach, a social and the right gear. Every venue is rated honestly, grouped by area, with real guides behind it. If padel players in Manchester are your customer, this is where they are already looking.

Who you reach

Players from complete beginners to weekly regulars, right across the city, the suburbs and the Cheshire border. High local intent: people arrive ready to book a court, take lessons, join a social or buy their first racket.
